EDUCATIONAL SECTION

This section is to be done on a separate sheet of paper typed or written neatly.

Juniors (1-2 years in project): Choose ONE disease OR parasite and tell the symptoms, cure and any preventative measures you can take. You must do a different disease or parasite each year you are a junior.

Intermediate (3-5 years in project): Choose ONE disease AND a parasite and tell symptoms, cure and any preventative measures you can take. This must be a different disease and parasite for each year and different from your junior years also.

Senior (more than 5 years in project): Choose TWO diseases and parasites BUT they can be from previous years, but you must be more in-depth.

QUESTIONS

This section is to be written neatly in the space provided below, using complete sentences.

1. What did you do to ensure a quality bird for fair and your buyer?

2. How often did you clean your pens? What kind of bedding did you use and why?

3. What type or types of housing do you have your birds and what precautions did you take toward predators, heat and cold? (be specific and show pictures)

*** Be sure to include pictures of you and your birds from beginning to end**
