• **Electronic Identification (EID) Tags**

2. All out-of-state cattle exhibited in Michigan shall be tagged with an official radio frequency identification device (RFID) ear tag. Tags can be ordered by calling Rise’ with RJ Matthews Co. at 330-834-3000. It is taking 4-6 months to receive tags.

General Rules of Interest

1. There are four different types of 4-H market cattle that can be exhibited in 4-H classes at the St. Joseph County Grange Fair: *Beef market steers, beef market heifers, dairy market steers and dairy feeder steers*. A given member may register all four types of market cattle with the MSU Extension office.
2. **Dehorning:** All **market and breeding stock cattle** must be clean-polled/dehorned with an allowance of 1 ½” regrowth at fair in order to be exhibited in 4-H classes at the fair.
3. Beef/dairy beef/feeder steers with physical defects (i.e. ruptured navel, abscess, etc.) will be ineligible for exhibition in 4-H/FFA & Other Youth classes at fair.
4. Feed and water buckets/pans must be removed from the stall as soon as the animal has finished eating/drinking. Also, stalls must be cleaned daily (removing wet and manured bedding). The 4-H member is responsible for monitoring when the animal is done eating/drinking and removing buckets/pans accordingly as well as cleaning the stall(s). Failure to follow these rules may lead to “yellow/red-tagging” the exhibit. If a member receives two yellow tags and one red tag his/her project animal will be sent home and all awards/premiums relating to that animal will be revoked. (See “yellow/red tag” rule in the St. Joseph County 4-H Fair book).
5. All exhibitors are required to compete in Fitting & Showmanship classes showing their own project animal.
