Reminders:

- Market Goats
 - Dairy Market Goat project animals are limited to the following breeds: Alpine, LaMancha, Nubian, Oberhasli, Saanen and Toggenberg.
 - Meat Goats are any goat that is not included above Example: Boer, Angora, Fainting, etc. or crossbred with a dairy breed.
- Michigan Department of Agriculture and Rural Development (MDARD) requires all goats that are moved off the farm for sale or exhibition to be **ear tagged** with a USDA Scrapies ID tag. Earless goats must have a collared tag. This is a USDA required program that is designed to be able to identify any animal back to its source if necessary. There is no testing requirement for Scrapies at this time. Anyone purchasing goats should make sure the seller has tagged them prior to sale. If you raise goats from your own herd you should contact the MDARD at 1-800-292-3939 to get a premises identification number. Once you have the premises number call the USDA at 1-866-873-2824 to get your tags.
